Work Experience

05.2022 – Present

UX / UI Designer at

Brandma

- Designed and developed compliant user interfaces (UI) and user experiences (UX) for web and mobile applications, ensuring a seamless and user-friendly experience.
- Created high-fidelity prototypes with animations using design software to communicate design intent and facilitate user testing.
- Developed engaging animations for social media content to enhance brand storytelling and user engagement.
- Contributed to successfully rebranding a major company (NDA) through UI/UX design and visual identity development.
- Authored an article titled "How can we effectively harness the potential of the enormous power of AI tools?" on Artificial Intelligence and Brand Compliance for an industry E-book.
- Managed and directed photography sessions for various brands, ensuring high-quality visuals for marketing materials.
- Prepared and optimized design files for print media, overseeing the printing and production process.
- Designed and animated icons for brands, contributing to a cohesive visual language.

2021 – 2022

Mentor and Product Designer at

HerTechChoice

- Designed landing pages and websites for bootcamp initiatives.
- Guided mentees in resolving current issues and developing coping strategies for the UX industry.
- Alerted mentees to potential industry adjustments and challenges.

2020 – 2021

UX / UI Designer at

Foodbankng

- Planned and implemented new designs for the Foodbank mobile application, admin pages, and contributor pages.
- Created user flows, wireframes, prototypes, and both low and high-fidelity mockups.
- Incorporated customer feedback, usage metrics, and usability findings into design to ensure user-centered experiences.
- Understood business needs, user journeys, and usability findings to create effective designs.
